General

Responsibilities

- The High-Performance Director (HPD) is responsible for developing and approving the selection process and procedures for the team that will be nominated to the Canadian Olympic Committee (COC) for the Asuncion 2025 Junior Pan American Games.
- The national team coaches, in consultation with the High-Performance Director, are responsible for the implementation of these procedures. All team nominations, including alternates and staff, will be ratified by the High-Performance Director in consultation with the Olympic Development Coordinator.
- The High-Performance Director is responsible for ensuring that the process outlined in this document is properly followed and that the selection process is fair and equitable for all candidates.

Unforeseen Circumstances

- This INP is intended to apply as drafted and, specifically, where no athletes are prevented from competing because of an unforeseen injury or other unanticipated or unforeseen circumstances. Situations may arise where unforeseen circumstances or circumstances beyond Sail Canada's control do not allow competition or nomination to take place in a fair manner or in the best interests of the priorities and general principles for selection as indicated in these criteria, or do not allow the procedure for nomination as described in this document to be applied. In the event of such unforeseen circumstances the Sail Canada High Performance Director will, where possible, determine if the circumstances justify competition or nomination should take place in an alternative manner. In such circumstances, the HPD shall communicate the alternative selection or nomination process to all impacted individuals as soon as possible.
